Regulations of the GSLS

- At least three supervisors
 - Primary and secondary supervisors have to be **GSLS members from different departments**
 - Third supervisor may come from another university, also from abroad (input from extern)
 - A minimum of three different departments should be represented
-
- Prerequisite (first or second supervisor) :
 - ❖ One of the two GSLS supervisors must be a **Faculty member of one of the Natural Science Faculties** of the University of Würzburg (Biology, Chemistry & Pharmacy, Physics, Mathematics & Computer Sciences)
[OR be appointed as an examiner by one of those faculties]
 - ❖ One GSLS member supervisor has to be **habilitated or hold a permanent professorship**

Path to graduation in the GSLS

Admission to the GSLS

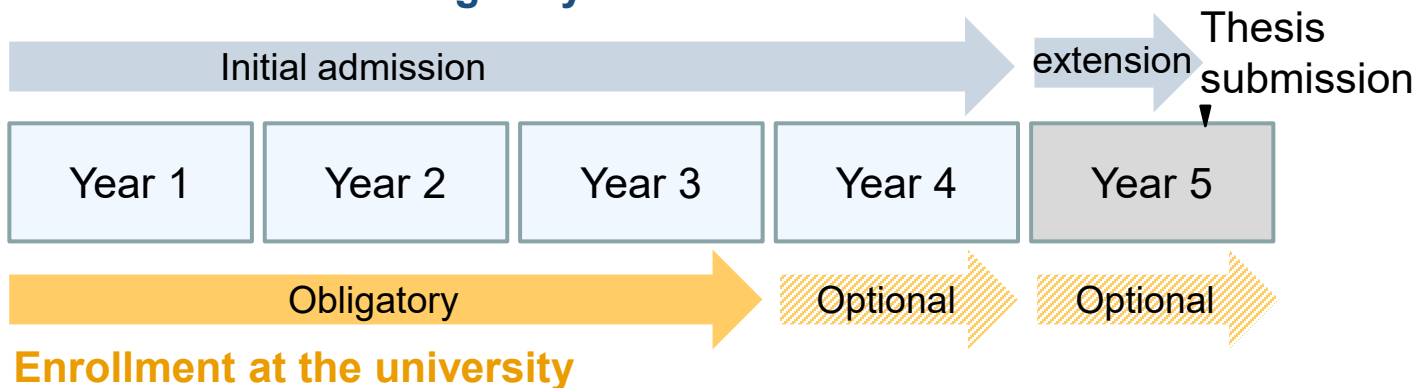

- Initial admission letter admits you for 4 years (= 8 semesters of enrollment)
- From the 5th year: extension of admission requires approval of Dean, as well thesis committee members

Regular meetings with the thesis committee

- Start-up and annual meetings are mandatory for the first 6 semesters of the PhD and additionally a final meeting before submission

The difference between “GSLS admission” and “enrollment at the university”

GSLS admission: obligatory until thesis submission

Years 1-4 of your PhD:

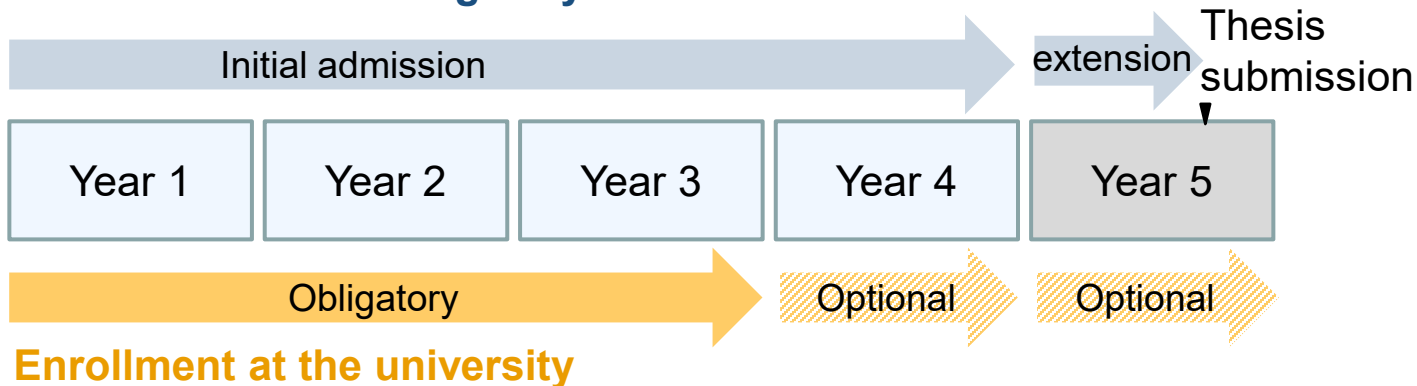

- Your initial GSLS admission is valid for 4 years corresponding to 8 semesters
- You don't need to extend your GSLS admission during the first 4 years of your PhD
- **BUT** remember to renew your enrollment at the JMU each semester (“Rückmeldung“)

From the 5th year of your PhD:

- GSLS admission: extension required every year
- Your GSLS admission must be valid when you submit your thesis
- Renewal of enrollment: **NOT** mandatory after the 6th semester

The difference between “GSLS admission” and “enrollment at the university”

GSLS admission: obligatory until thesis submission

1. Admission to the GSLS

→ Admission to pursue the structured PhD within the GSLS (thesis committee, training...)

- **Prerequisite:** Initial GSLS „Admission Letter“ or approved extension of GSLS admission (from 5th year)
- Responsible: initially GSLS Office; after the first 4 years: **YOU!**
- Important date: **Start of thesis project** (as indicated in admission letter/in OpenCampus)

2. Enrollment at the JMU for the study program „Life Sciences“

→ „Student status“ (student ID, semester ticket etc.)

- **Prerequisite:** valid GSLS admission
- Important dates: Deadlines for renewal of enrolment („Rückmeldung“)
 - **YOU** are responsible to pay the semester fee and enroll + re-enroll on time **each semester !**
 - Consider a direct debit („Lastschrift“)

GSLS Travel Fellowships

GSLS travel fellowships offer GSLS doctoral researchers the opportunity to participate in international conferences and workshops (active participation, talk or poster presentation, is a prerequisite) or support a research stay in a foreign laboratory. Each GSLS doctoral researcher can receive up to 2.000 EUR until graduation. Funding for travel fellowships is based on the location of the meeting or activity attended:

Germany: up to 300 EUR

Europe: up to 500 EUR

Overseas: up to 1.000 EUR

GSLS travel fellowships for medical students

Medical students with an MD fellowship of the Faculty of Medicine or the GSLS who registered with the GSLS and take part in a specially adapted, structured doctoral programme are also eligible for GSLS travel fellowships. They can receive up to 500 EUR until graduation.

How to apply for the GSLS travel fellowships

- Send an application (in English) including a statement of motivation and details about the conference / workshop / research stay BEFORE it takes place. Please also submit a copy of your talk or poster abstract, and verification of your presentation as soon as it is accepted by the conference organizers (travel awards will only be made once the acceptance is confirmed).
- Provide estimated or actual costs of your conference / workshop attendance / research stay
- Provide your current CV with publication record
- Provide a reference letter from your primary supervisor
- Please note that the GSLS travel fellowship will not cover the daily allowance ("Tagegeld"). You may not necessarily receive the full amount of the travel grant.

Please send your application in paper copy with original signatures to:

Start-Up and Annual Thesis Committee Meetings

- Form template: Download at GSLS website
- Meetings of your thesis committee **should take place in person**
possible: by video conference, by phone, during conferences
- Ask your committee members how they would like to structure the meeting
(e.g. prepare a presentation/report for the meeting and send it to the committee beforehand)
- Establish your training program with your thesis committee
- 4th/5th year (“final”) meeting

Regular meetings with the thesis committee

- Start-up and annual meetings are mandatory for the first 6 semesters of the PhD and additionally a final meeting before submission
- Annual Mentor Meetings: Vital for enhancing thesis success through insightful discussions and guidance.
- Provide comprehensive insights on achievements and plans
- Consider that exclusively online meetings may be less effective than in-person ones. In-person gatherings are preferred

Conflict management in the GSLS

Supervision Agreement for Doctoral Projects in the Graduate School of Life Sciences

The GSLS provides the framework to conduct a structured doctoral research project (hereafter referred to as 'doctoral project'). The GSLS adheres to the principles of mutual responsibility, transparency, accountability and respect for diversity. Original scientific work is essential for a doctoral project. All rules and regulations are intended to serve this purpose. The doctoral researchers are thus better prepared for their future careers inside and outside academia. Being mutually aware that the doctoral project is to take up a significant part of the working time of the doctoral researcher, the involved parties declare to follow the GSLS principles and to adhere to the mutual obligations described below, which may be updated over the course of the qualification project if the situation demands.

1. Persons involved
2. Research and Training Plan
3. Obligations of Doctoral Researcher
4. Obligations of Supervisors
5. Compatibility of Research Work and Family Life
6. Observing the rules of Good Scientific Practice

How to proceed in conflict situations ?

GUIDELINES

Mandatory Elements

LAB MEETING = GROUP SEMINAR
usually 1h/ week, organized by the research group or the graduate training group

~~LITERATURE SEMINAR – JOURNAL CLUB~~
~~usually 1h/ week, organized by the research group or the graduate training group~~

GOOD SCIENTIFIC PRACTICE (counts as one of transferable skills courses)
Mandatory course for all GSLS doctoral researchers admitted after WS 2011/12

Electives (at least one of the following per semester – ideally by your thesis submission you will have visited at least 3 scientific courses and 3 transferable skills workshops)

SCIENTIFIC COURSE / SEMINAR / LECTURES (ideally one per year)
organized by the graduate training group, GSLS, doctoral researchers or offered externally
(e.g. method course, statistics, clinical medicine)

TRANSFERABLE SKILLS COURSE / SEMINAR / WORKSHOP (ideally one per year)
e.g. poster presentation, scientific writing

For doctoral researchers on the study program 'PhD Life Sciences' please note that the "Intercultural Communication" course is part of your study program

RESEARCH STAY
e.g. scientific fieldwork, laboratory training, usually outside University of Würzburg

Additional

Additional Activities
e.g. peer mentor, DRC, teaching/supervision activities, organisation of events

- The study program requires you to **complete six “electives”**
- Ideally, you will have visited at least 3 scientific courses and 3 transferable skills workshops
- Definition “Transferable skills”: General skills that go beyond the day-to-day requirements of your PhD project
- **„Good Scientific Practice“** is mandatory for all GSLS doctoral candidates
- For the study program ‘PhD Life Sciences’ please note that the **“Intercultural Communication”** course is mandatory
- Individual choice is encouraged!
- Your thesis committee might recommend courses for you to take

Transferable Skills - Overview

EARLY STAGE	According to your needs	FINAL STAGE
Good Scientific Practice	Scientific Writing and Publishing / Writing of Scientific Papers	Cover Letter & CV
Intercultural Communication	Supervising BSc and MSc Students	Job Interview
